NOTES:

SC-40 for Rigid Faces.

2¾" Divider Part #2|28

21/4" Retainer Part #2045

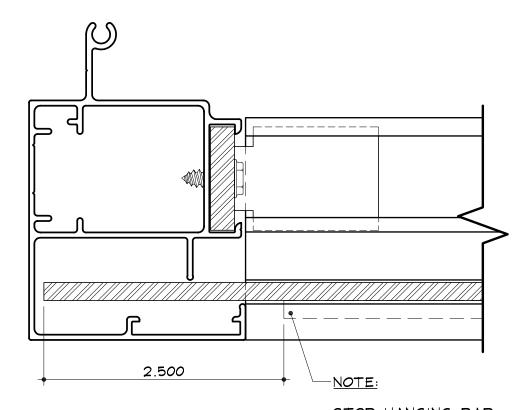

SIDE VIEW

SCALE : |" = |"

1. - Deduct $4\frac{1}{2}$ " from overall height or width to get cut length of $2\frac{5}{4}$ " Divider.

2. - When using 2³¼" divider install the hanging bar on the front side of the face. Cut the hanging bar 5" shorter that the length of the face and place it in $2\frac{1}{2}$ " in from the outside edge of the face.

- 3. On one or both sides use the Dual Frame Part #2065 and the Dual Cover Part #2075 so at the cover can be removed and the faces can be slid in and out easily.
- 4. for use with $2\frac{1}{4}$ Retainer (Part #2045) and 2" Retro Frame (Part #2112) ONLY.

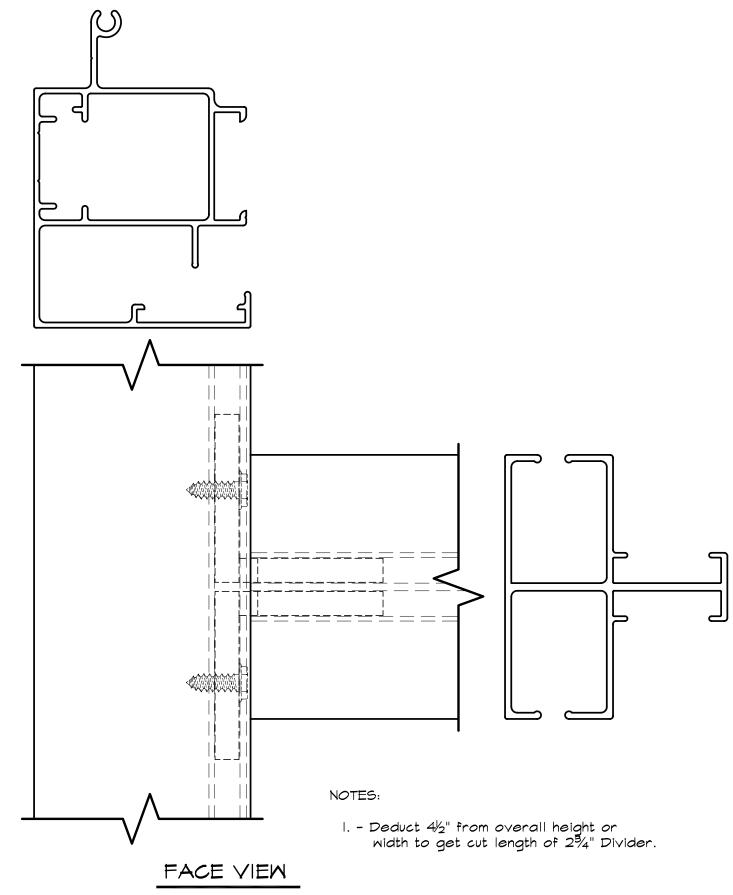

STOP HANGING BAR 2½" FROM END OF FACE AT EACH END.
