

Features & Benefits

The Flat Commercial Body delivers a flat, smooth cabinet surface. The Body has a simple structural hinge eliminating the need for a piano hinge. The Flat Bleed Retro Frame II is specifically designed to help reduce shadows. This system is the best solution for white transparent, light colored backgrounds, or LED applications. The Tension Clips are easy to use and are re-useable. Eliminates hemming, grommets and double faced tape. It is available in Mill Finish.

Answers to FAQ's

- Accepts up to 22oz banner material
- Tension Clip placement - Tension Clips are placed approximately 1-1/2" from the edge of the trimmed to size face material
- Tension Clip spacing - Every 5" on center
- Face material trim size - Add 3-1/2" of fabric to all four sides. (Adding a total of 7" to both the height and width)
- The correct Tension Tool to use with the frame is Part #5135
- Frame Support Tube and Frame Braces may be required if the existing sign or structure is not strong enough to support the tension load
- The 2121 Cover only available in 12'3" lengths

Optional Items
