

## Features & Benefits

The Front Load Wall Mount Tension Frame was designed to provide ease of tensioning and zero clearance to the external wall. This frame has unlimited size potential and mounts directly to the wall. There are two (2) options for cover screw placement, outside or front side of the frame. Available in Mill Finish.

## Answers to FAQ's

- Accepts up to 22 oz banner material
- Tension Clip placement - Tension Clips are placed approximately 1-1/2" from the edge of the trimmed to size face material
- Tension Clip spacing - Every 6" on center
- Face material trim size - Add 4-1/2" of fabric to overall height and width of the assembled frame
- The correct Tension Tool to use with this frame is Part #5137

## Optional Items

- Front Load Wall Mount Tension Frame Support, Part #2171 (Used for structural back support)
- Tension Tool, Part #5137
