

2Part Large Vandal Cover and Large Vandal Cover

Gas Support Placement and Poundage Table:

Note: The Gas Support placement is for cabinets ranging in the height of 24" only. Refer to the "Green" section of the table for the correct poundage required. **Placement of the gas support should not be varied.** If the placement of the gas support is altered it may effect the operation of the gas support and may not work properly.

Recommended use with the 2Part Large Vandal System (#1959/#1941) and the Large Vandal System (#2097/#1941).

It is important to install hinge as noted in the "Hinge Installation Instructions" failure to do so may result in damage to the hinge caused by the amount of pressure that is applied to the hinge from the gas support.

Gas Support Placement for a Height of 24" (Placement "A")

Poundage per Gas Support in lbs. (2 Gas Supports per door)

Height	Width									
	36	48	60	72	84	96	108	120	132	144
