

Features & Benefits

The Commercial Narrow Single Face Body has a hingeable retainer that allows access to service the sign. The Commercial Access Frame allows the SignComp Insert Panel System to be utilized with all Commercial Bodies. The Insert Panel System offers a concealed divider system; giving a clean frameless appearance. Corner Key slots and Angle slots provide ease of assembly and added structure. It is available in Mill finish. Portions of the Insert System are anodized for sliding purposes only.

Answers to FAQ's

- Designed for applications using LED lighting components
- Recommended panel thickness for the Aluminum Insert Adaptor is .090
- Recommended panel thickness for the Plastic Insert Adaptor is .090
