

Features & Benefits

The Commercial Retro Body has a hingeable frame that allows access to service the sign. It is designed to attach to an existing frame or custom built structure. The frame has provisions for Tension Clips, Corner Angles, Frame Braces and Corner Keys. The face material does not need to be hemmed and will not require grommets or double faced tape. It is available in Mill Finish. (The cover, Part #2075 is available in Dark Bronze.)

Answers to FAQ's

- Accepts up to 22 oz banner material
- Tension Clip placement - Tension clips are placed approximately 1-1/2" from the edge of the trimmed to size face material
- Tension Clip spacing - Every 6" on center
- Face material trim size - Add 1-1/2" to all four sides from the outside dimension of the assembled frame. (Add a total of 3" of face material to both the height and width of the assembled frame)
- Frame Brace and Frame Support placement - Place every 36" on center horizontally and vertically
- The Tension Tool that is required for this frame is Part #5135
- To fit over the existing structure kits will be cut .265" over the outside dimensions of the cabinet
