

Features & Benefits

The 7" Single Face Tension Body was designed to allow access to the power supply without removing the face by fabricating a simple access panel. This 1 piece body and bleed tension frame combination is ideal for LED applications. The tension clips are easy to use and are re-usable. The profile can be kerf cut to create custom shapes. Available in Mill Finish.

Answers to FAQ's

- Accepts up to 22 oz banner material
- Tension Clip placement - Tension Clips are placed approximately 1-1/2" from the edge of the trimmed to size face material
- Tension Clip spacing - Every 5" on center
- Face material trim size - Add 3-1/2" of fabric to all four sides (Adding a total of 7" to both the height and width)
- 2121 cover only available in 12'3" length
- Designed for assembly by welding or bonding
